

Step 3 – Write a Job Story Write → User Story

A job story captures the *situation*, the *motivation*, and the *outcome*.

Template

When (situation), **I want to** (motivation), **so I can** (outcome).

Steps

1. Choose a clear situation from your notes.
2. Write the motivation (what the person is trying to get done).
3. Write the outcome (what changes if it works).
4. Check with your stakeholder if this sounds right.

Job Story

When... (situation)

I want to... (motivation)

so I can... (outcome)

Convert to a User Story

As a... (who/user/role)

I want... (what/goal)

so that... (why/value)
